## Your One Stop Wine Shop!

Come in and speak to one of our knowledgeable wine makers about your wine needs. We can help you determine your likes and dislikes and then choose the wine that is right for you for a nominal \$1 tasting fee! Choose from our prepared wine juices. Work with one of our wine makers and make your wine and start the fermentation process. We will tend to your wine for the next 5-9 weeks. We will monitor, filter and prepare your wine for bottling. You will then return to the winery where we will assist you in bottling and personalizing your labels. Each batch produces 28-30 (750) ML bottles.
